

# Local people are backing Kirsty LOCKE to be a strong local voice for Andover North

 Conservatives

*Dear Resident,*

On the 4th May you will have the chance to have your say on who will represent you on **Hampshire County Council**. Since I was selected as your candidate I have been listening to you, working hard and solving problems in your community.

Following requests from local residents:

- I actively campaigned against the proposed 'No Right Turn' into **Vigo Road** from London Road and was delighted to see the County rule this out.
- I persuaded the County Council to install a new grit bin in **River Way**.
- I have been working closely with Alamein Borough Councillors to maintain plans for a gravel pathway between **Augusta Park** and **Smannell**.
- I have been working hard to ensure potholes are reported and filled in throughout the division including in **Spanish Town**, **Pilgrims Way** and **Roman Way**.
- I have listened to concerns about the need for a Bourne Valley Flood Alleviation Scheme for the villages of **Hurstbourne Tarrant**, **Ibthorpe**, **Upton** and **Verham Dean** and if elected I will press the County Council to find the cash to help deliver the scheme.
- I have been pressing the case for a crossing at **Viking Way** for children at **Roman Way Primary School**.

I am passionate about helping you and your family and making a difference in our community. Please give me the opportunity to carry on this work by voting for me in this important election.

Yours sincerely,

*Kirsty Locke*
